To Mr. Adams at the Rev.  
Mr. Gibbs at Bristol.  
Madam.

Bartlett's Buildings  
6. July 1734.

Your Bill for 250 being due to morrow I believe it was paid this day to Mr. Hoare, to whom I deliver'd it last week but having been a ride out to Elting this day, & come home too late, to call, at Mr. Hoare, to know more of it, I hope my next may inform you w<sup>th</sup> more certainty.

Your Son was taken ill last Wednesday with a pain in his Side attended w<sup>th</sup> a small Fever, upon which he was immediately let blood by Mr. Cox and other proper things given, but his Pain returning more violently upon him yesterday, Mr. Cox tho<sup>t</sup> it was best to consult a Physician on his Case before he made any more applications, I readily agreed to, it & sent for Dr. Mead who came immediately & order'd him to be again blooded & some Medicine to be taken w<sup>ch</sup> was done & tho<sup>h</sup> his Pain has not yet left him, it is much abated, & so his fever, that he slept well last night, & has din'd on part of a Chicken & the broth of it w<sup>th</sup> some appetite, w<sup>ch</sup> he has not had for several days, his body being now more open & easie by Per-  
piration & the use of a Stool. He is now in a Chamber but sends his humble Duty to you, and I hope my next will inform you that he is quite out of danger.

I made yesterday an Apology to Mr. Lyde for his not attending his Shop, & he told me he was afraid his illness was owing to some uneasiness at the Tho<sup>t</sup> of being bound especially as he had been observ'd to be dispirited for some days past, but I have no reason to think so of him for every Event. That he came home & gave me an Opportunity to Question him ab<sup>t</sup> his Business, he express'd a great liking to it & to Mr. Lyde's Treatment of him only he wish'd if it might be granted, that he might be excus'd carrying out some small parcels as youngest Appren<sup>t</sup> to all p<sup>ts</sup> of the Town, this I mention'd to Mr. Lyde & he s<sup>d</sup> he should be always excus'd & send a Porter at any time except he had a mind for his health sake now & then to take a walk to know his Customers the better to be able to call on them for money when occasion required w<sup>ch</sup> would be but seldom comparatively. Your son did at first mention another thing w<sup>ch</sup> he w<sup>d</sup> be glad he might be exempted from, & that was dining w<sup>th</sup> the other App<sup>r</sup>. & of Inferior Sort. but this being a thing too tender to be mention'd because it could not be granted w<sup>th</sup>out allowing of some

Yesterday I receiv'd the under-  
mentioned Numbers of Six Tickets in the present State  
Lottery as what you will be entituled to  $\frac{1}{3}$  of the  
Benefit that will arise from them, whether Blanks  
or Prizes. viz.

on which I heartily wish ym success. S<sup>r</sup> James is  
very well, and did me the honour to call here this  
day, when he enquir'd y<sup>r</sup>. health. My humble

Bartlet's Buildings.  
13. Oct. 1737.

I am ashamed to see your favour of  
the 24<sup>th</sup> of June so long unanswered the true reason of which  
has been for want of Materials which tho' I am not perfectly  
provided w<sup>th</sup> now, I shall do as far as I can.

I have taken up M<sup>r</sup>. Hoppmanns Bond from M<sup>r</sup>. Davis  
who is content to have Serv'd you gratis for all his Sollicitations  
since it has prov'd fruitless, and thinks you have reason to write  
a complaining Letter to the President for the trouble he has  
given to you & the Dean & Chapter, on this occasion.

The Bond is dated 2. July 1730. to pay <sup>you</sup> the 1<sup>st</sup> Dec<sup>r</sup>. foll.  
the sum of 142<sup>l</sup>. 10<sup>s</sup>. so that at Dec<sup>r</sup> next there will be 7.  
Year's Interest due on it, which at least as a Man of Honour  
he ought to pay if he can't discharge the Principal. Though  
to tell you the Truth I doubt he intends never to pay it unless  
you survive him to recover it out of his Effects if he leaves any.

I reced the number of the 5. Tickets but last week  
which are as follows viz. 66634. 66635. 66636. 66637.  
66638. which you have in Partnerships with the 2. Sister

Billington

(3) Dillington, the Rev<sup>d</sup> Mr. Prior and my self, on the success  
of which when drawn I heartily wish you good fortune. The  
Letter will begin to be drawn the 14<sup>th</sup> of Nov. & is hoped  
may be finished by Christmas. I have called on Mr.  
Senex several times to make the enquiries you desired, but they  
were out of Town, or not at home, so I shall call again.

Mr. Egerton has been in a languishing condition for  
several weeks past, and seems now to be given over by her  
Physicians, who has very much afflicted Mr. Madock, Mr.  
Evans and her sister who have impaired their own health by  
attending one that they so much loved.

I don't send you a newspaper because my friends that  
used to favour me at a frank are out of Town, nor is  
there much of home news in them besides, Robberies, &c.

Dr. Erasmus Phillips is gone to Montpellier for  
establishing his health, where in all likelihood he will  
spend the winter.

Mr. Evans is well at Hampton Court, tho' I hear he  
has been sometimes to see his ~~friend~~ dying sister. I  
think her case is a Dropsie. Mr. Watkins & the family  
~~are~~ were all well last week & send their humble service  
to you. Pray make my compliments acceptable to the

I recd y<sup>r</sup> favour of y<sup>e</sup> 22. Inst. w<sup>ch</sup> gave me the pleasure of hearing of y<sup>r</sup> health and that of our friends & Cartw<sup>ch</sup> Mr. Dillington: before I had your Letter I had waited on Mr. Brown and Mr. Senex, the former tells me that Sawin is such a Drugg that it will sell only for waff Paper. or 2/6 a Vol. I intend therefore to try near the Royal Exch<sup>g</sup> where they are not such a Drugg for when I ask'd Mr. Brotherton a noted Bookseller there w<sup>ch</sup> they were worth in Quire, he told me ab<sup>t</sup> a month since they were 10. a Vol. but he did not know whether I intended to buy or sell and therefore I suppose Answer'd me upon a presumption I w<sup>o</sup>d buy.

Mr. Senex tells me the Mine Adventurers have now a Stock of 10. thousand pounds, that they have taken a long Lease of some Mines in Yorkshire which they are now working w<sup>th</sup> a good Prospect of Success, but as their prospects are underground, they are uncertain, but he can't advise you to sell out. I shall ask him when I see him what you desire ab<sup>t</sup> the Dividend, being up at Christmas or Lady day; he is always out of Town from Friday till Tuesday or I shoud have resolv'd it now.

I have sent Incls<sup>d</sup> a Bower which I got at the S<sup>r</sup> Sea house from Mr. Anderson fill'd up all but y<sup>r</sup> Old S<sup>r</sup> Sea Annuity, but not having y<sup>r</sup> Letter in my Pocket I forgot to ask him ab<sup>t</sup> the other Bower for transferring to you w<sup>ch</sup> is bought to make up 700. but that Mr. Hoare, Broker will instruct me in, or I shall know it when I go next into the City.

I beg leave to refer you for Publick news to the Paper incl<sup>d</sup>. Mr. Edgerton is thought better but continues still very weak. I just now sent y<sup>r</sup> Complim<sup>ts</sup> to her & Mr. Evans who happen'd to be there, & they both return their humble service to you. Thank God our Bility of Mortality decreased last week 123. so I hope we are returning to health again

I shall be glad to hear by the Beaver

Madam I rec'd y<sup>r</sup>. favour of the 11<sup>th</sup>. Inst.  
and the 12<sup>th</sup>. M<sup>r</sup>. Roberts call'd to pay me on y<sup>r</sup>. Acct. 44:—  
since which I have rec'd as follows.

So that you have now remaining in Old South

Sea Annuities 610. 11. 10.

I shall obey y<sup>r</sup>. Orders for converting y<sup>r</sup>. An. Stock to 700.  
but I could meet w<sup>th</sup> neither of the Brokers, <sup>that I thought</sup> at the S. Sea House to  
employ therein, only was told every thing was in a great flutter  
on the expectation of Her Majesty's Death, and the many —

Buyers

Buyers on the present Amortisation would keep up the price  
& that I should not lose by staying a little time.

I am now to Condole with you on Her Majesty's Death  
and ~~thereby~~ refer you to the Paper enclosed for an Acquittal

Mr. ~~Senex~~ tells me there will be no Dividend on the  
Mine Adventurers this year, by reason of the great Expence on  
the new works they are preparing.

Mr. Brotherton when I came to talk closely with him  
tho' he asked 12<sup>s</sup>. for ~~Sawin~~ bound, he told me he had  
offer'd them in Livers to his own Trade for 5<sup>s</sup>. a piece, and  
could not get it, on which I must therefore wait your  
further order. I told him you would take Books in  
Exchange to which he answer'd if you would take books as great  
a Drugg as they were he would treat w<sup>th</sup> me.

My humble service to the Lady Dillington. Mr.  
Egerton is alive but in a very bad way, & little hopes of  
her getting over it. I am

Madam I had the honour of yo<sup>r</sup>

been that it was sometime before I could find out where the

him a letter complaining of his not answering yo<sup>r</sup> letters to  
which he answer'd by my clerk that he would call on me in a few

Batlet<sup>s</sup>. Buildings,  
26. Dec<sup>r</sup>. 1737.

S<sup>r</sup>. Coming home last Saturday Even. I was surpriz<sup>d</sup> with the sight of Harry Duquêne who gives me no reasonable Acco<sup>t</sup>. of his leaving the Gloucester but that he had nothing to do, and that Capt. Clinton has wrote to you 4. Months since. He left the Ship at Gibraltar ~~4 months since~~ the Beginning of Sep<sup>r</sup>. & came thence in an English Sloop to Cadiz, from thence in a Dutch Ship to Amsterdam, and thence in an Eng. Snow to Harwich from whence he footed it <sup>up</sup> to London.

He says his Cloaths are in a Coaster coming from Harwich into the River, which he is gone to find out and would then wait on you if he was not ashamed with an Acco<sup>t</sup>. of his foolish conduct, which I have told him must be very disagreeable. He says he has often repented, his leaving the Man of War and undergone such hardships as he never expected having work<sup>d</sup> for his passage home to save his things, which I hope will have one good Effect to make him more fix<sup>d</sup> hereafter. A French Man of War command<sup>d</sup> them on board off Cape S<sup>t</sup>. Vincent when Harry thot of nothing but going into Slavery at Algier for being on board a Dutch Man.

I am sorry y<sup>r</sup>. fatherly care of him has succeeded no better, but hope he will be wiser when you dispose of him in another Ship, of which there is choice of 5. now fitting out for the West Indies, and the sooner he is disposed of I believe you will think the better.

Dear S<sup>r</sup>. I receiv'd y<sup>r</sup>. letters of 13<sup>th</sup> Oct<sup>r</sup>  
and 17<sup>th</sup> Oct<sup>r</sup>. and in answer to the 1<sup>st</sup>. I immediately by Mr.  
Vernon's advice waited on L<sup>d</sup>. Harrington to request his

King, His Serv<sup>t</sup>. told me that he had not, but was <sup>just</sup> now  
gone to His Majesty's ~~very~~ Drawing Room; and upon my  
return home I found Mr. Wace, Esq. herewith sent,  
to which I have made answer that I had no instruc-

tion'd which I did not think authoriz'd me to sign such  
an Advertisement <sup>as he mention'd</sup>. but that I would write to you this Post

I rec'd them. Perhaps you may think it proper for y<sup>r</sup>.  
Baupier to sign it <sup>he is not being</sup> ~~not being~~ a person more known than I am

I waited this Morn. upon S<sup>r</sup>. Rob<sup>t</sup>. and after making y<sup>r</sup>.  
compliment ~~to him~~ desir'd to know whether he had had leisure  
to consider Capt. Philipps' case, he told me he had not. I  
then ask'd him whether he would give me leave to wait  
on him again, to which he answer'd that he doubt'd he  
could do nothing in it, which I understood by the manner  
of his speaking to be a refusal, but if ym can engage  
some Member of Parliament to speak to him, perhaps he  
may alter his mind.

I shall by this Post forward y<sup>r</sup>. Letter to S<sup>r</sup>. Erasmus

I call'd at Mr. Phillips's Father

to hear the Rehearsal of the Divine Musick to be in morn at  
S<sup>t</sup>. Pauls, but it was uncertain when you would return

Sir I ought last Month to have acquit-  
 ted you that your 2. Blank Tickets in the Bridge Lottery  
 yielded 6:9: each in all 12:18:- which you may  
 draw on me for when you please, there were some  
 small charges of examining the Registers & Cashiers  
 attending our six Tickets, which I think I acquit-  
 ted you with fine were all blanks, but as there was no benefit you will  
 allow me to present you with them for the pleasure of  
 serving you. I should sooner have signify'd this  
 but I expected some other occasion of writing to you  
 and must not now defer it for fear you think me  
 negligent of my Duty.

genuine because I saw it before it was torn: (27)  
 I have heard S.<sup>r</sup> Erasmus speak of him as a faithful <sup>able</sup>

 want of foreign languages <sup>induced</sup> him to change his

~~I believe known to S.<sup>r</sup> Erasmus's acquaintance, and~~

 so much on the large that he shall cut them down to the size  
 of the small paper to make them more saleable, so I intend to  
 try to dispose of the large paper as many as I can among  
 my acquaintances in the Temple rather than give them away

As I remember Mr. Bowles left with me a copy of Mr. Upton's will but I have laid it up so safe while the workmen were here repairing the House, that I can't presently turn to it but I am pretty sure of recovering it, and when I do shall send it under a frank.

To John Phillips Esq<sup>r</sup>.  
at Killgetty by Ruby Bagg

London. 2. May. 1738.

Dear S<sup>r</sup>. This day while the Society was sitting Mr. Vaughan Phillips at New Inn who <sup>say</sup> ~~call~~ <sup>himself</sup> a Relation to y<sup>r</sup>. family call'd here to tell me he had wind of discovering the Author of the incendiary letter, I told him I could spare but a minute then but I sh<sup>d</sup> be glad to see him in the afternoon, accordingly he call'd here after dinner, and having told me of several circumstances which <sup>were</sup> had been of a Woman that ~~lives~~ <sup>lives</sup> near the D. of Newcastle's

Newcastle: in Lincoln New field, we went to see her (24)  
Her Husband is a Tailor, and she washes linnen for Gent. of  
Jud of Court, She happen'd to be at home and very frankly  
gave us an Acc<sup>t</sup> of what is mention'd in the following Memo<sup>r</sup>  
which I told W. Phillips to prevent Mistakes had best be taken  
in writing which he did in the following words and being read  
over to her distinctly she readily sign'd it. Viz.

" Mary Jones wife of Jonah Jones of the parish of S. Gyle  
" in the County of Lind<sup>s</sup> maketh oath, That about 2 or  
" 3. days after S<sup>t</sup>. David's Day to the best of this Depont<sup>t</sup>  
" knowledge & belief one Anthony Morgan came to this Depont<sup>t</sup>  
" at her House in the above S. Parish & told her that  
" there was lately a letter sent down to W. Phillips of  
" Killgetty sign'd A. B. which would soon make a dam'd  
" noise in the Country, and that there would be the  
" Devil to pay shortly at Carmarthen, and she mention'd  
" ed her wife that the said letter would say the said  
" W. John Phillips, or used words to this or the like effect  
" and further this Depont<sup>t</sup> saith that the said Anthony  
" Morgan a little after he had so spoke to this Depont<sup>t</sup>  
" dep<sup>t</sup>d this Depont<sup>t</sup> not to mention it to W. Phillips of  
" New Inn or any one else, for that W. Phillips would  
" be very mad with him if he was to hear of it  
" sign'd with her hand, Mary Jones.

But notwithstanding this frank acc<sup>t</sup>. we could not persuade  
her to let us know the person's name though she  
times threaten'd of having trouble <sup>given to her</sup> and that somebody  
else might step in and get the reward. And therefore  
we invited her to go with us to S<sup>t</sup>. John Goufon to swear  
to what she had now discover'd, & ~~declare~~ name the  
person if she imagin'd we would take any advantage of  
making the discovery to deprive her of the reward. She  
told us that she was making up linnen for a Gent. going  
out of Town to morrow <sup>mon.</sup> whom she could not disappoint, &  
therefore decid'd to consider of it till then, which we were  
oblig'd to acquiesce in unless she discover'd it afterward to  
W. Phillips who I left at her House with a young woman  
that came in & interrupted our conversation. I went thence  
to

to S<sup>r</sup>. John Goulson & ag<sup>d</sup> him with the whole affair who is ready to do all that he can to serve you in detecting the author of that vile Letter.

By ~~these~~ laying these things together it is easie to infer that the Letter was wrote in London, and sent down dated at Langhorne as a blind to prevent the Author's being Discover'd.

S<sup>r</sup>. John Goulson has promis'd to be at his Ch<sup>am</sup>ber all to morrow forenoon to receive any <sup>further</sup> information that we can <sup>procure</sup> ~~make~~, when W<sup>r</sup>. Philipps has promis'd to call on ~~me~~ to go again to the Woman to persuade her to compleat her ~~last~~ Discovery & entitle her self to the Reward. I am

Yesterday Anthony Morgan ~~confess~~  
taken up by W<sup>th</sup>. High Courtable Chalmordley and carry'd  
before S<sup>r</sup>. John Goufon who denyng every thing laid to his  
charge <sup>he</sup> was soon confronted by Mary Jones who continued  
Uniform in her story and made him own several circumstances of their  
the beginning of which he at first said was the beginning of February  
other consideration of the same time but ~~afterwards~~ <sup>afterwards</sup> he owned that he was  
St David's Day was a remembrance of the Welsh Nation's to avoid not of town  
seeing their own subject of the letter he left up his hands & eyes &  
"protested he knew nothing of the matter, and did not to much as name  
y<sup>t</sup>. name in all the conversation, though I believe most of the  
company present & even S<sup>r</sup>. John himself were of another opi-  
nion, but that would not warrant his committing him upon  
suspicion of <sup>being witness only to a</sup> ~~High~~ Misdeemeanor which was the most S<sup>r</sup>. John  
the woman's charge amounted to, a copy of which I leave  
sent herewith sent. S<sup>r</sup>. John used all fair means to  
persuade him to ~~confess~~ & discover the true author, but  
constantly answer'd that he must confess what he knew nothing of.

W<sup>th</sup>. Lloyd of the Exchequer's Office appears to speak to  
the reputation of Mary Jones.

Mary Jones it seems was born in Carmarthen & <sup>was</sup> in the  
Neighbourhood, so that they had known one another from their  
childhood, but she often challeng'd him to send to Carmarthen for  
an Acc<sup>t</sup>. of his & her Character, tho he was the son of a Clergy-  
man and she of a Carrier. The man was so poor that W<sup>th</sup>.  
Philipps said he could not make his escape if his Crime were greater  
he being at this time employ'd ~~perhaps~~ in the 6. Clerks office  
an ~~old~~ terms just to keep him from starving. So S<sup>r</sup>. John tho't  
himself oblig'd to discharge him till further evidence appear'd. <sup>W<sup>th</sup>. Philipps & I both would be glad of y<sup>r</sup>. advice if you</sup>  
in the mean time S<sup>r</sup>. John Goufon thinks it advisable if you have  
no prospect of wanting the original letter at Carmarthen, that it be  
sent up hither, because without it no Justice will case to commit any per-  
son charg'd with being the Author. W<sup>th</sup>. Philipps is very industrious to  
serve you on this occasion and if you don't write to him pray order  
me to thank him in y<sup>r</sup>. name. W<sup>th</sup>. Chalmordley would take nothing  
for his attend<sup>ance</sup> and because it was to serve you, but W<sup>th</sup>. Philipps gave his  
assistant a shilling. The Rev<sup>d</sup>. W<sup>th</sup>. Bowen to whom you know  
accompany'd us one of the times that we waited on S<sup>r</sup>. John and  
can witness his Zeal to discover the true author ~~by all~~ of the letter.

As to news beside what you'll find in the enclosed  
I have only to add that my curiosity led me to attend  
the 3. solemn Hearings before the P. of the Pr. Council  
which ended last Wednesday night upon the complaint of a  
Jew agt. General Sabine Gov. of Gibraltar. The hear-

Council Chamber the better half of which were  
Jews & Turks who I thought had been all on one  
side, but the better sort of them & one a Rabbi  
attended to vindicate the General.

The Council for the Jew viz. M. Noel & M. Bathurst,  
represented the Gen. as a scandalous oppressor, but  
M. Solicitor Gen. & M. Murray who were council  
for the General so effectually answered all objections  
to his conduct that the Lords have dismissed the  
complaint for want of sufficient Proof.

The whole was conducted with great order be-

which I deliver'd 5. May to Mr Roberts for his Pretty son, & have  
ever since been waiting for y<sup>r</sup> Orders for Sea &c. I've sent w<sup>th</sup>  
the Memoire of Collnitz, but hearing nothing I concluded you  
was coming to London, where y<sup>r</sup> friends would be glad to see you,  
especially the writer of this, Mr Evans &c. Tho' I have not  
seen him lately, yet the last time he & his Lady told me they  
would be very glad to see you at St James's; your silence makes  
me fear you are indisposed w<sup>ch</sup> I hope is not the reason; In the

Madam I rec'd y<sup>r</sup>. letter of 23<sup>rd</sup>. Inst.  
and the next day went to wait on M<sup>r</sup>. Chancellor Tenison  
but had not the good fortune to find him at home.  
I understood ym that M<sup>r</sup>. Labein ~~you~~ had wanted  
on the Bp of London, and that his ~~advise~~ <sup>in a month's time</sup> was to  
lodge a Petition with the Arch Bp and that it would  
of course come to the Bp of London. The Chan.  
promis'd no more but to present the Petition to the  
A. Bp and I aff'd no more because he made a difficulty  
of doing that till I told him who it was from, upon which  
he said he would do it, but else the A. Bp was so over-  
whelm'd with Petitions that he had resolv'd to avoid  
giving any as much as he could. So that if  
ym could learn from the Bp of London by M<sup>r</sup>.  
Labein whether it has come to him in the course  
ym expected I should be glad, for I ~~had~~ should  
be loath to trouble M<sup>r</sup>. Chancellor Tenison, but to  
do a Service agreeable if it is in the way of doing  
the Service ym expected, because that would be  
requiring of him more than he promis'd. if M<sup>r</sup>.  
Labein can't easily come at knowing that from the  
Bp of London, I will take the first opportunity  
of doing it, but none has happen'd <sup>since I saw ym</sup> ~~at late~~. Nor

I have inform'd my self  
enquir'd into the Character of the Enter-  
tain<sup>ts</sup> at Mary bone, and find they resemble those of Vauxhall as much  
as a good Order'd Alehouse does a good Tavern. Some of the violins  
are from Vauxhall, the best Trumpet & kettle Drums are ~~from~~ good tho not  
from Vauxhall, the company at Mary bone is not  
half so much as at Vauxhall seldom above 300. or 400. in an evening, and  
rarely any quality among them. Their terms of admittance and for catables  
& drinkables are the ~~same~~ <sup>same</sup> as at Vauxhall. But I am told they make the  
most

most of their company <sup>that</sup> at Breakfast there in the Morn.  
when they give nothing to be admitted but pay 1<sup>st</sup> for  
the Coffee & Tea they drink <sup>& 10<sup>d</sup></sup> if they have Chocolate  
But they have no Music <sup>in the Morn.</sup> then except the French horn.

In the evening every one pays a shilling for admittance  
and eat & drink or not, as he pleases as they do at Vaux-  
hall.

There is a Grotto in the neighbourhood which  
they say is worth seeing <sup>and that it is given to see the</sup>

Dear S<sup>r</sup>. J<sup>r</sup> John Gonson doing me

the honour to dine with us this day it was natural for me to ask whether he had any acquaintance or interest with the present Lord primate of Ireland to which having answered that he had he readily consented to employ it in your favour and immediately sat down and writ the Letter herewith sent which I heartily wish as he does that it may prove of service to you J<sup>r</sup> John Gonson is acquainted with the Bishop of Winchester and would readily have asked his Lordship favour of a Letter to my Lord primate but he thought it would be of more service to you to write directly to his Grace without loss of time. I just now received while J<sup>r</sup> John was with me a Letter from our Dear friend J<sup>r</sup> Colman of the 27 Aug<sup>t</sup> with the following Paragraphs: "Gou<sup>r</sup> Belcher seems to enjoy himself far more in his retirement than he could in his Government his Heart seems happily & steadily set upon Heavenly things, in a view of his approaching Dissolution where is Dear m<sup>r</sup> Belcher, whose arrival here by his Fathers words to me I expected soon after the Loss of his Commission. I am under all possible obligations to wish him all temporal and spiritual felicity, may be so good as to salute him from me, when I last heard of him he was in Ireland as he is desir<sup>d</sup> Business and in his proper Element, which I once thought Divinity would have rather been.

May good providence choose for him, if Divinity would better suit m<sup>r</sup> B would it be yet too late to go into it, but if my sollicitude be impertinent cover the Error of Love and Friendship. J<sup>r</sup> & J<sup>r</sup> Both J<sup>r</sup> Colman & you will excuse the Liberty I have taken to transcribe thus much of his Letter and I join with him in praying God to direct you for the best as to what he says of civility if my advice may be of any weight I would not have you once think of it for many reasons I could give not proper to be committed to writing but of them one is enough that the taking Orders though it were to entitle you to a great preferment in the Church would be shooting your good Father (Furko has joked on you from your cradle) through the head which you can never do
